## Ministry Assistant

Padiham is a Bible teaching evangelical Church of England parish in Lancashire looking to appoint a Ministry Assistant in September 2018. Primarily the post will involve regular preaching (roughly one Sunday in three) and oversight of our small group work; however, there would be plenty of opportunities to use and develop other gifts and strengths of the person appointed.

The post would suit someone who has done some theological training and already served as a Ministry Trainee or equivalent. (In recent years two members of staff in this parish have gone on to ordination training through Blackburn Diocese.) Remuneration would be in line with previous training and experience. A two-bedroom house is available.

Padiham is a growing town on the edge of Burnley and the parish has two churches with a total congregation of 130 on a normal Sunday, and three church schools.
